Germanized mind. The reader of the latter Carlyle find much in his politico-social and historical writings, which reminds him of qualities and excellencies which fascinated him in 1.733 reading "Satror Resertus" and the earlie essays, but he also misses much. Infatuat ed with an impracticable political notion namely, that popularly known as "heroworship" with its necessary consequences and so poorly tied down to a single thought and belief, that he must needs run sack the affairs of men for illustrations and fancied proofs of the truth of his dogma 1,714 hide-bound, scrid and constipated in mind, his powerful genius avails, nevertheless, to hold his earlier disciples with somewhat of the old soreery. And it comes to pass that those who wholly disapprove the aim and unimus of his latter pamphlets and historical works, and are aware that there is nothing new in store for them, follow him, in his latter wanderings, out of reverence and love for the Thomas Carlyle that, once was.

FINANCIAL & COMMERCIAL.

Local financial matters are growing somewhat monotonous, under the system with which the banks at present work, and there is nothing positively new to note. There is a gradual growth of currency balances, by ing their policy as to discounts, and the de The demand is not reported large, but it could be readily augmented to any extent were the banks to open the way. There is less demand for Exchange, and the market is a shade easier, but rates are unchanged and steady at par buying and I premium selling.
